

Year 4 Multiplication Check

In mid-June, all year 4 primary children complete an online multiplication tables check. Children are tested on their multiplication tables up to 12 x 12.

There are twenty-five questions and children have six seconds to answer each question and three seconds between questions.

Please see the link for information for parents: https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1116420/2023_Information_for_parents_Multiplication_tables_check_Nov_22_PDFA.pdf

Children can practise an activity which exactly mirrors the real activity in June by accessing the following website:

<https://mathsframe.co.uk/en/resources/resource/477/Multiplication-Tables-Check>

Please do support them at home with learning their multiplication facts.

We have been working on our multiplication facts in class and it is great to see the progress that the children are making on a weekly basis.

The more they practise the greater their score.

Do speak with the class teacher if you would like to know how your child is doing in class or if you have any questions.

We have a trust presentation to explain how children learn multiplication facts.
