

Welcome

Year 5 - Squirrels Class

Teacher:

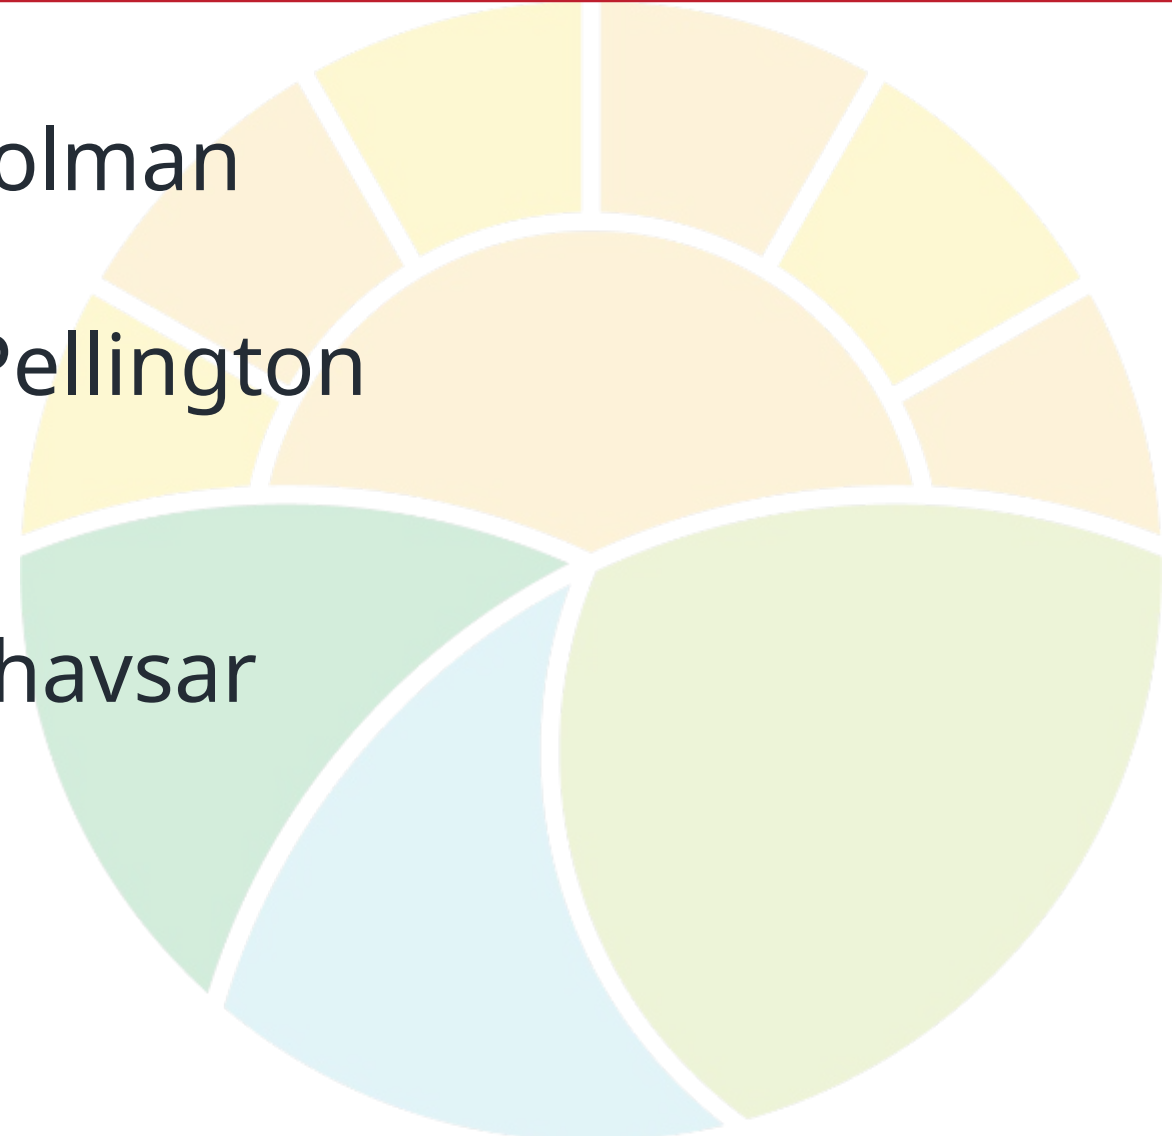

Mrs Colman

Learning Support
Assistants

Miss Pellington

French Teacher:

Mrs Bhavsar

Routines and Expectations

- School day is 8:45am – 3:20pm
- Reading books should go home each day and come back into school each day.
- Water bottles every day.
- Correct uniform.
- Small school bag.
- Coats / caps / sun cream as appropriate.
- We are swimming on Tuesday afternoons. Children need to bring swimming costume, towel and swimming hat in a bag with an additional plastic bag to put wet clothes in. Children need a coat in school on swimming days.
- We have PE on Wednesdays - children to come in their PE kits.
- Please label all items, particularly jumpers, cardigans, coats and water bottles.

Reading

- A key life skill
- Opens so many doors
- Enjoyment!
- Reading book should be in school every day
- Reading at home – Reading Champions, comprehension - read a wide variety of texts

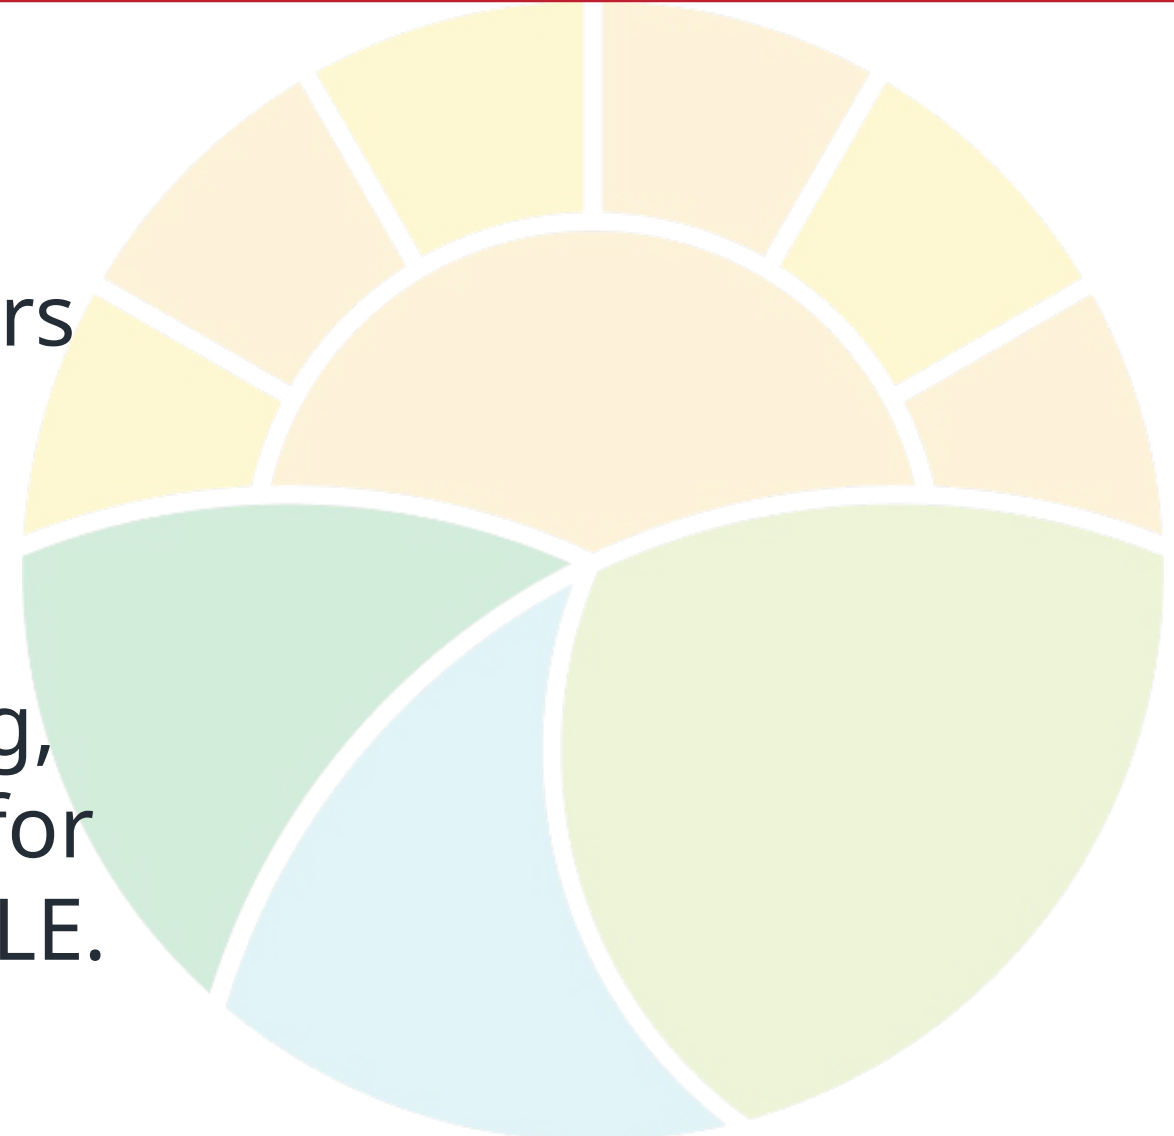

Curriculum Map

Supporting your child at home

- Reading
- Maths – Timestables RockStars
- Spelling Shed; Nessy
- Class Maths, Writing, Reading, Spelling and key knowledge for foundation subjects on the VLE.

▼ HALLAM FIELDS

In this course, you can access the learning in the core subjects - Reading, Writing, Spelling, mathematics - that Squirrels pupils have been doing in school during the Autumn Term 2023.

The learning in core subjects is organised in folders in week order.

There are PowerPoints of the learning material covered by pupils together with a range of activities, including support activities and challenge 'digging deeper' activities.

The weekly spellings are in the spelling folder, where the Spelling PowerPoint document includes a range of spelling activities linked to the target words. If your child works on the Nesy programme, it is advisable that your child focuses on these spellings. However, all children can use the spelling PowerPoint to learn the meaning of the year 5 spelling words.

Multiplication facts and their associated division facts remain very important in year 5 as they underpin lots of the work we do in the areas of number and calculations. We encourage your child to keep practising these at home: TimesTablesRockStars is an engaging way for your child to do this.

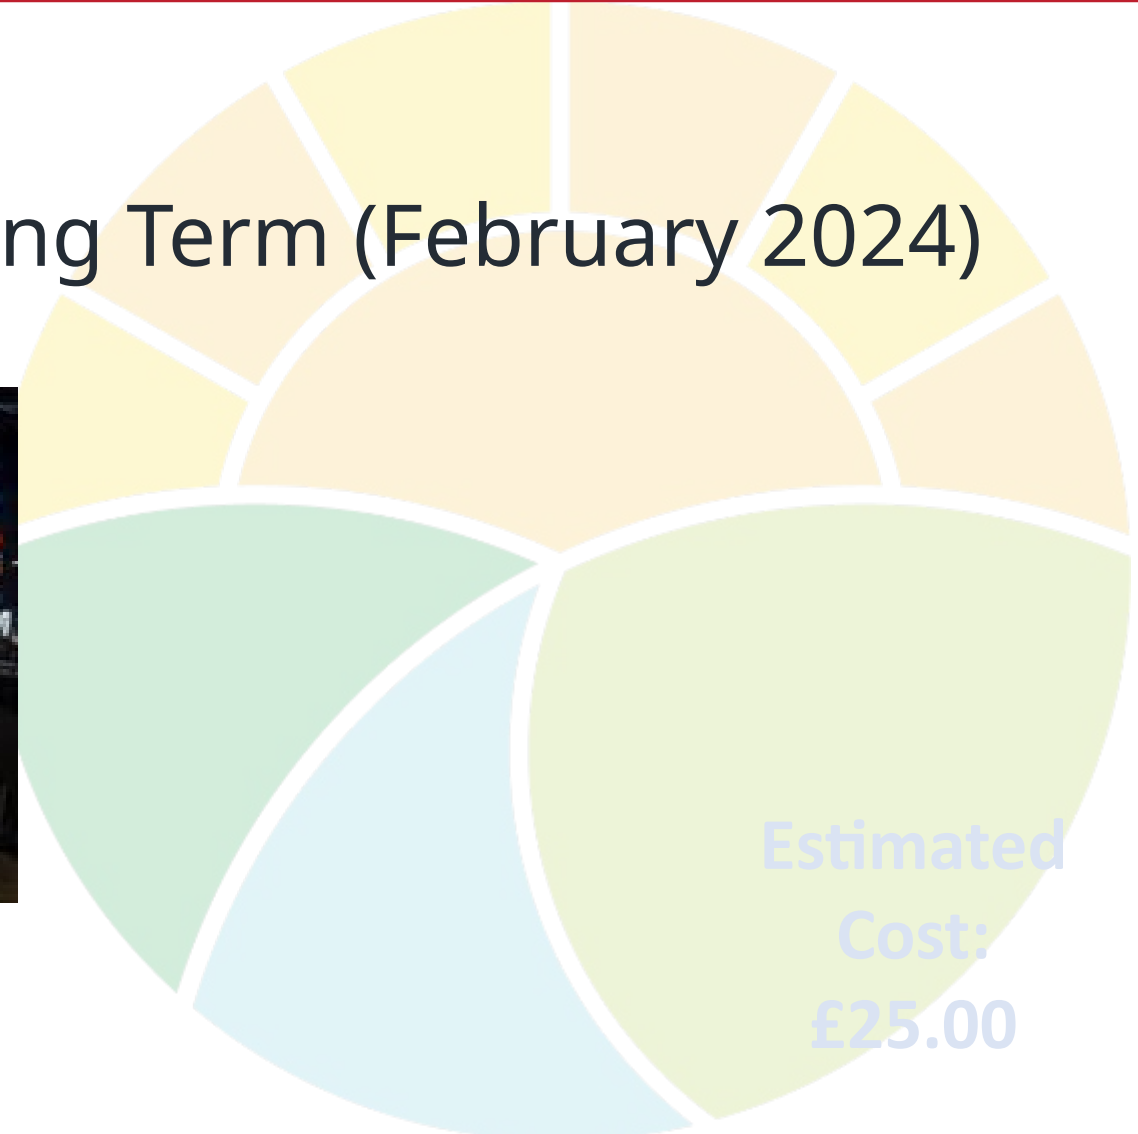

There is a folder called Foundation Subjects. In this folder, there is the key vocabulary and sticky knowledge for each of these subjects. Learning this key knowledge is vital. Your child will be familiar with the 'traffic light' system of learning these facts that we use in school activities. There are a range of games you could play, such as 'Memory' or 'Snap' where you match the key word to its meaning.

PUPIL CENTRED, POSITIVE AND PROFESSIONAL

Trips

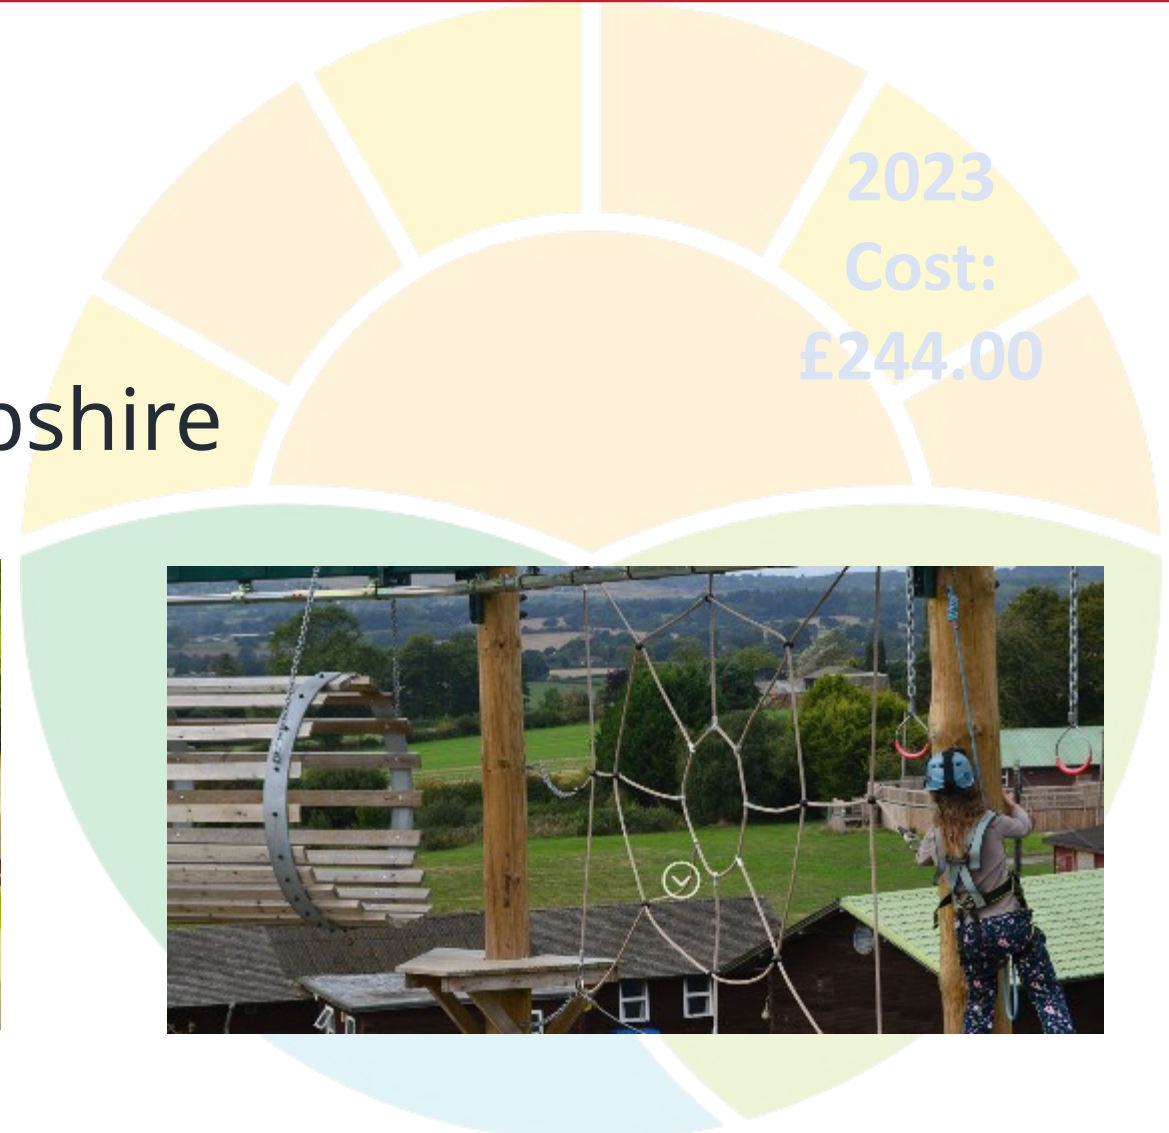

- Year 5 – Space Centre in Spring Term (February 2024)

Trips –further ahead

- Year 6 – November 2024
Residential (Mon-Fri)
The Pioneer Centre, Shropshire
